

The Primary PE and Sport Premium

Rationale

The Primary PE and Sport Premium is government funding provided to schools to make additional and sustainable improvements to the quality of PE and sport they offer. The government has committed to this funding until 2022. The Department for Education's vision for the Primary PE and Sport Premium is for:

“All pupils leaving primary school (to be) physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport.”

At Fairfield Infant School we share this vision and strive to use the funding to create a long lasting sporting legacy that will continue long after the Primary PE and Sport Premium. With this in mind, we aim to achieve self-sustaining improvement in the quality of our PE and sport provision.

How much funding will we receive?

For the academic year 2020/21 Fairfield will receive £17,770 in PE and sport premium.

How do we plan on spending the funding in 2020/21?

At Fairfield Infant School we have used our funding in the following ways:

Strategy	Cost
Lunch club provision	£3325
Enrichment opportunities	£2965
Dance enrichment	£2660
Long Term planning – adventure playground	£5000
Staff training and release costs	£700
After school clubs subsidisation	£23.75 for 10 places (£1000)
Children's Health Project	£200
Role models - events	£250
Lunch resources	£50
Total Cost	£16,150

What impact will the premium have on pupils' PE and sport participation and attainment?

The impact of how we spend our funding is evaluated termly against the following five key indicators:

1. The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. The profile of PE and sport being raised across the school as a tool for whole school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and Sport
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport

Completed termly, the tables below evaluate the strategies used by the school against the 5 key indicators and indicates the relative cost and impact of each.

Key:

Cost – red (high), amber (medium) and green (low)

Impact – red (low), amber (medium) and green (high)

Activity	Engagement	Raising Profile	Staff Development	Broader experience	Increased Participation	Cost	Evidence	Impact
Lunch club provision	X	X		X	X	£3325	High engagement and participation – children across all year groups accessing the provision. Next steps – teachers / TAs / MDSAs to look at offering some form of lunch provision	
Enrichment opportunities	X	X	X	X	X	£2965	Fantastic opportunities offered to all children across the school	
Dance enrichment	X	X	X	X	X	£2660	As above – fantastic opportunity for Years 1 and 2 to perform in front of an audience	
Long Term Planning	X	X	X	X	X	£5000	Postponed planning for this year	
Staff training and release costs	X		X	X		£700	2 members of staff attended in Autumn Term. PE CPD delivered around the use of the MUGA.	
After school clubs subsidisation	X	X		X	X	£1000	Improving – invited children attended Not currently sustainable and need to make clubs to Fairfield more appealing	
Children's Health Project	X		X	X		£200	Training completed – need to expand on the use of the planning within PSHE lessons	
Role models	X	X	X	X	X	£250	Use of external agency to inspire and ignite some interest into sport and PE	
Lunch Resources	X	X		X	X	£50	High impact - lots of children engaging during lunch sessions. Need to record numbers.
