## ABOUT US

Here at Fairfield, we provide day school education for children aged 4 to 7 years. We have built a reputation for providing a broad and creative curriculum planned to meet and exceed the appropriate statutory requirements in reading, writing and mathematics whilst also encouraging achievements in other areas of the curriculum, including music, drama, sport, dance, computing and science, to name but a few.

We celebrate the development of each child's personal qualities, focusing on our core values of acceptance, compassion, respect, forgiveness, courage, honesty, trust and gratitude.

We offer a thriving breakfast club and after school club to provide full wrap around care from 8am-6pm.
